

# Darth Vader Visits Your Library Contest Official Entry Form

*The Most Exciting Reading Contest In The Galaxy!*

## Get Your Kids Excited About Reading!

Students in grades K-8 will work as members of the Intergalactic Tourism Board to encourage Darth Vader to visit a NEW planet of their creation. Students will create a tourism presentation describing the perfect planet for Vader's Vacation. The presentation should describe the environment, inhabitants, and attractions on the imagined planets. Include anything that would make Darth want to visit!

Students' presentations can be brochures, presentations, short stories, illustrations, web pages, power points, or any other format that describes the perfect planet for Darth Vader's time-off. This contest encourages creativity, writing proficiency, and geography skills; it could also be a great tie-in to astronomy, physical science, and social studies lesson plans.

## Contest Details

The contest is open to both individuals and groups. Submissions will be judged on meeting the criteria listed above as well as creativity and quality of the submission. Prizes will be awarded for the top entries in grade levels K-2, 3-5, and 6+.

If your students need ideas, make sure to check out *Star Wars: Graphic Novels by Spotlight* (A Division of ABDO Publishing) on page 32 of the Oliver and Andy's Book Co. Catalog or on [www.oabookco.com](http://www.oabookco.com). This set will get your reluctant readers excited about reading with their favorite Star Wars characters.

*"WHEW! Battling Jedis all day and conquering the galaxy can sure be tiring! It is time for a vacation. Now, where can an evil Sith Lord find some rest and relaxation?"*

*– Darth Vader*
